650 Extra Houses Planned for West Windsor

The West Windsor Residents Association recognises that there is a need to build new houses to meet the demand. However we believe that this development will have a huge impact on our community without the necessary infrastructure to be able to support such a huge expansion.

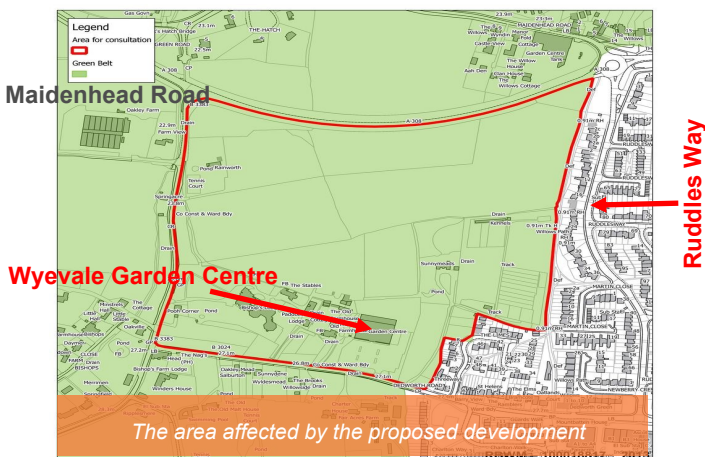

An extra 650 houses, will lead to in excess of 2000 new residents and over 1500 EXTRA cars on our local roads. It is unclear as to how RBWM (the Council) intend to cater for these extra residents, especially in relation to:

- ⇒ Schools
- ⇒ Medical Emergencies
- ⇒ Fire Cover
- ⇒ Increased risk of Flooding
- ⇒ Loss of Green Belt land
- ⇒ Congestion

As your Residents Association we will work with our neighbours the Oakley Green and Fifield Residents Association, in ensuring that your voices are heard. Sadly the Council have decided that a 6 week window which includes the Christmas period is sufficient to allow all to comment on the proposals. Therefore you must submit your concerns to the Borough by:

FRIDAY 13th JANUARY 2017
